

We Gather Here

We gather here to come together

To raise our voices in harmony

We gather here to pray together

To create the world we know is meant to be.

We gather here (we gather here)

We gather here (we gather here)

To create the world we know is meant to be

We gather here to come together

To celebrate the love and joy of Unity

We gather here for deep connection

With fellow travelers who claim divinity

We gather here to count our blessings

To celebrate the love and joy of Unity

We gather here (we gather here)

We gather here (we gather here)

To create the world we know is meant to be

We gather here to come together

To celebrate the love and joy of Unity

To celebrate the love and joy of Unity
