We're Unity w&m Doreen Poreba

We're Unity...We come to see The God in you and in me We feel the love... That we're worthy of Around, in and out, and above

We come to connect with our light that shines Like the sun rising high, in the sky, so divine We're Unity, yes, were Unity

We build a bridge... instead of a wall Extending a hand to those who fall We meditate...and seek to release the feelings that block our own peace

We come to connect with our light that shines Like the sun rising high, in the sky, so divine We're Unity, yes, were Unity We're Unity, yes, were Unity
